CHRISTEL KNAPPE Architect and Artist

Born in Helsinki, moved to Gothenburg Sweden as a teenager and then Architectural studies at LTH in Lund. I have always been keen on drawing and painting and after an unforgettable art course for Arne Isaksson at Gerlesborg Art School 2002, I have spent a lot of my time painting, mainly in watercolour and tempera techniques.

The paintings that I am exhibiting at Galleria Kajaste in Helsinki, are my most recent work in tempera. I call them dreamscapes as they are painted with layers and layers of hopes and dreams. Welcome into my world!
